LIST OF GENERATORS AND THEIR ASSOCIATED COMPANIES

In consultation with the project contacts, the CEAT determined that many generators were associated with one another, but that their names appeared in different forms on the project documents, in the PRPs' database, on acquired mailing lists, and through research materials. This list may be used to identify a generator and where information regarding that generator may be found in the database and in the project files. The list also cross-references a generator with associated generators, and identifies instances where the files and database records were combined.

- The name which appears before the designations *AKA*, *DBA*, *FKA*, or *NKA* is the name under which the documents are filed and that appears in the database. For example, if the list indicates [REDACTED] *Exemption 5 - Deliberative Process* [REDACTED] the waste volumes for these generators were combined in the database and the documents are filed under [REDACTED]
Exemption 5 - Deliberative Proc... [REDACTED]
- If a generator name is followed by the designation *SEE*, the waste volumes in the database and documents can be found under the name listed after the designation *SEE*. For example, if the list indicates [REDACTED] *Exemption 5 - Deliberative Process* [REDACTED] the volumes were combined in the database and the documents were placed under [REDACTED] *Exemption 5 - Deliberative Process*
- An asterisk (*) denotes a generator record from the database that was combined by the CEAT with another generator record. The generator record marked with the asterisk was then deleted from the database. For example, the entry [REDACTED] *Exemption 5 - Deliberative Process* [REDACTED] had a record in the database and, based on the criteria for combining generator records, the waste volumes for [REDACTED] *Exemption 5 - Deliberative Pro...* [REDACTED] were combined with [REDACTED] *Exemption 5 - Deliberative Process* [REDACTED]. Because the [REDACTED] *Exemption 5 - Deliberative Process* [REDACTED] record was combined with [REDACTED] *Exemption 5 - Deliberative Process* [REDACTED] the [REDACTED] *Exemption 5 - Deliberative Pr...* [REDACTED] record was deleted from the database to ensure no duplication of the data occurred.
